

REMARKS

Claims 1-4 stand rejected under 35 USC §103(a) as unpatentable over McMillan in view of Logan. Applicants have amended claims 1, 3, and 4 to further distinguish over the cited references.

The references fail to teach or suggest a system or method of limiting access to a web page including an unacceptable period associated with the address during which access to the web page is prohibited. Logan limits session usage time associated with a user.

Applicants respectfully request that the pending claims be allowed.

Respectfully submitted,
